# Energy and Matter

A watercolor illustration of a colorful boat. The boat's hull is divided into three horizontal sections: a red section at the bottom, a green section in the middle, and a yellow section at the top. A dark grey or black line represents the deck. A blue mast is positioned vertically on the boat. Behind the mast, there are several brushstrokes in shades of yellow and light green, suggesting a sun or a bright light source. The background is a light, textured greyish-blue.

# Stability and Change

# Systems

A watercolor illustration of a stone archway. The arch is constructed from reddish-brown bricks, with a single red brick at the top center. The arch is set within a wall of grey stone blocks. Through the arch, a bright blue sky and a green landscape are visible. The overall style is soft and painterly.
