

COMMUNITY GIVING TO SCHOLARSHIPS

Your contribution to scholarships provides financial support for Northern New Mexicans on a college or career pathway. Whether they are high-performing students who excel in academics, leadership, and service pursuing a four-year undergraduate degree, or they are focused on a clear path to achieve a career or trade through a two-year degree or certificate, all LANL Scholars share a commitment to make a positive impact in their families, schools, and communities. **Thank you for supporting local students!**

For more than 20 years, the LANL Foundation has supported students in the seven-county region surrounding Los Alamos National Laboratory. Scholarships are made possible by the generous contributions of LANL employees, retirees, and community members, primarily through donations to the Los Alamos Employees' Scholarship Fund (LAESF). Privately endowed scholarships and partnerships have also been created through the LANL Foundation with donor-specified criteria.

The LANL Foundation manages the scholarship funds and program with support from a donor advisory committee. The cost of administering the program is paid for by the LANL Foundation and Triad National Security, LLC. All donations are tax-deductible.
